

Lewisburg, Pa.

FRIDAY MORNING, NOV. 11, 1859.

Public officers in City and County, Publishers of the Lewisburg Chronicle, who have a large and increasing circulation in a community containing a large proportion of active, solvent producers, consumers and dealers, see in the State.

See New Advertisements.

One of the best built Houses in town is offered for sale, in today's paper.

Next Tuesday, is the day fixed upon for the sale of the Lewisburg Steam Flouring Mill.

Nearly thirty members of the Valiant Fire Company of Lewisburg, in their full new uniform, paraded last Saturday.

The Filibusters arrested at Berwick's Bay, in Louisiana, had a sham trial, and were discharged of course, for were they not in the service of Slavery?

J. Merrill Linn, Esq., of Lewisburg, is appointed Executive Agent of the Cosmopolitan Art Association, for this vicinity. (Further notice next week.)

On account of Judge Wilson's health, the Bar of Mifflin county have postponed the civil and argument lists. There was considerable Sessions business to be attended to this week.

John C. Mager, of Harrisburg, offers for sale a good Democratic Newspaper establishment in a Democratic county, on easy terms, the present publisher desiring to quit business on account of ill health.

The Zurich Conference has been amicably concluded... France and England appear to be on firm terms with each other... Spain has declared war with Morocco... The visit of the Great Eastern, to America, is postponed.

Dr. Brewer gave an interesting and instructive Lecture on the Horses and Horse Taming, according to appointment, but Mr. Clark did not succeed in forming a class. Quite a number appeared to be willing to be gratuitous students, but not to pay.

Dr. Wm. H. Backhouse returned to his home in Lewisburg this week after an absence of six years in Europe, a portion of which time was spent in study, and a few years as Consul at one of the cities in Germany.

Yes, Messrs. Miltonians! set the man-copy all we said that week about the five Fairs, and add to it the comments of the Sunbury papers on yours; let your readers think it all over, and judge for themselves, "whimsical" though you think such a reasonable course may be.

We understand that at the recent session of the General Conference of the Evangelical Association, Rev. W. W. Outwag, of New Berlin, was chosen a Bishop of that church.

Prof. James of Lewisburg, recently gave a Lecture on "Galileo" before the Union Seminary, New Berlin.

Perhaps few men have more lies told about them, than Gerrit Smith. He is not and never was a Republican--is elected to Congress by a District which gave Pierce a majority--did not vote for Fremont--and did not propose to run away when John Brown's mongrel army of 22 men "surrounded" Harper's Ferry!

Who Approves?--Thus far, not a Republican is to be found who does not deplore and disapprove the Harper's Ferry riot. A very few Abolitionists applaud it--and many "Democrats" rejoice and chuckle over it as a chance to make political capital. If any party is to be charged with it, it is the Democratic, for they first drove Old Brown to madness, and they are now the only party that seems to be rejoiced that it has occurred!

The Argus publishes what it calls a "Black Republican" Resolution in a Vermont Convention. It may have been adopted by an Abolition Convention, but NEVER by a Republican. Does the Editor suppose the publication of such vile forgeries can long keep up his party? If he has a spark of honesty, and wishes to let his readers know the truth, why does he not copy the Philad. Republican Platform, or Seward's Rochester speech?

The Pennsylvania Germans. The Lecture of Rev. J. E. Graeff, of Lancaster, last Tuesday evening in Independent Hall, was not fully attended, but proved an interesting topic, and was well, and we think in the main fairly treated. Mr. Graeff is wholly Pennsylvania German--has a commendable pride in his race--and is anxious for its fame and welfare. Next to the Anglo-Saxon he claims it as the leading element in American nationality. He referred particularly to their sterling honesty, hospitality, sobriety, industry, patriotism, and stability--acknowledged their characteristic defects, in that they too often opposed improvements and benevolent organizations without a fair trial of them--but defended them on the ground that

"Evil their feelings leaned to Virtue's side," and their dread of all innovations arose especially from the love of liberty and hatred of civil and ecclesiastical domination. Mr. G. is a native of Berks, and narrates in good style some most amusing incidents, not so very old, of that and other portions of our State. The School System is now "of age," in Berks, as well as in other counties--it begins to vote, in Church and in State--and Mr. G. has high hopes of the progress and destiny of the Germans. This Lecture, we think, would be very acceptable in exclusively English localities--giving those at a distance a truthful, hopeful and genial portrait of the PENNSYLVANIA GERMAN--BY ONE OF THEM.

MORE KIDNAPPING IN OHIO.--The Chillicothe Gazette, of the 11th, gives the particulars of the kidnaping of a colored man named Oliver Anderson. A man named Mike Harley, with some other blacks, went to Anderson's house, in the lower part of town, at midnight, and snatching Anderson and wife, demanding admittance, under pretence of being officers, and the negro dressed and let them in. Four of the kidnapers seized, handcuffed and dragged Anderson to a wagon. The wife of Anderson screamed, but a blow from one of the kidnapers quieted her. They returned for the child of two years, but the mother had escaped to the neighbors with that, and in the meantime Anderson was carried away out of reach of rescue, and was no doubt carried to Kentucky. Anderson was a free man, and had lived at Chillicothe for five years. This is the second case of kidnaping in Ross county within six months.

Such inhuman outrages are of weekly occurrence, but what care President Buchanan, Governor Wise, or the Louisville press, for them? Is it any wonder that Browns arise, determined to take the power into their own hands, and risk anything and everything, in thirsting for vengeance?

Another Parallel. On the 29th Nov. 1855, a body of men took forcible possession of the United States Arsenal at Liberty, Clay county, Missouri, armed themselves with its contents, invaded Kansas, and aided in the work of destruction resulting in the sack of Lawrence. None of these Pro-Slavery rioters was ever tried or punished.

Compare this with the Harper's Ferry affair, and see the distinction drawn by the Slave Power at the head of the Government. The Argus says it got its pay for the "Walking Woman's" decent handbill, and did not "put" only notified as a "news item." We stand corrected as to the pay; but folks took that notice for a pull, certain. [By the way, our neighbor calls us "the indomitable cyclops of the Chronicle." Since its Editor has got back into College, he has become (if possible) more classical than ever. As he forgets to tell his readers what his new term of reproach means, we can assure them it is nothing very dreadful, according to Ainsworth's Dictionary, which defines Cyclops, the sons of Neptune and Amphitrite, who assisted Neptune in making Jupiter's thunderbolts--that's all.]

Popular Sovereignty, National Ticket.

Patrons--Right and Fair. For President--DR. A. B. BRONSON. Vice President--S. A. BROWN. The convention which nominated these gentlemen, was held in Utah. Altogether, it is a fit nomination of the right men in the right place. Under such auspices, we should have Kansas over again in every new Territory.

The Democracy have recently started a story that Brown committed the bloody crime in Kansas, and killed there before his son was slain. This is a notorious false history, and to the character of the man. Robinson and all the leading men in Kansas deny the assertion, and the English Abolitionist, Boston, also brands it as an infamous fabrication. Brown says he killed no man in fair fight, and not until he had been commiserated by the Border Ruffians, captured by the Administration. There is not a bit of truth in this--he is mistaken.

Mr. Hexa thinks he can afford to make leather and sell shoes and boots cheaper than any of his enterprising neighbors. Every one will judge for himself, but it is certain those articles can now be got as good and as cheap in Lewisburg, as in the next town.

The Philadelphia Ledger and other Democratic papers are beseeching Gov. Wise to commute the sentence of old Brown to imprisonment for life. It is evident from this that they are not through yet with their efforts to make capital for their party out of this affair, and they can not spare the old man quite so soon. They are fearful the hanging of Brown will do the party more harm than good.

The barn of Samuel Shipman, in Lower Augusta township, was consumed by fire on Thursday night, the 17th ult., together with all the grain, some potatoes, three horses and one mule. The barn was a new one and cost about \$800. We understand that there was no insurance.

MEMPHIS, TENN., Nov. 8.--W. R. Palmer, alleged to have acted with the Harper's Ferry insurgents, was arrested here today on a requisition from Gov. Wise.

A terrible accident occurred on the Chicago and Northwestern Railroad the 1st inst. A train, consisting of thirteen cars filled with excursionists from Fort Du Lac for Chicago, ran off the track at Johnson Creek, eight miles south of Watertown, Wisconsin. Eight persons are reported killed, and a number badly wounded.

Mr. Chase, a well-known American Consul, in Mexico, has been murdered in cold blood, by order of Gen. Marquez, one of the numerous military chiefs of that brigand country.

The printing office of an old man named Bailey, who with his wife and four daughters conducted a Republican paper at Newport, Ky., was last week destroyed by a mob. No troops were called out to quell the disturbance, it being a slavery mob.

BURNED TO DEATH.--We regret to state that a child about three years old, of a little daughter of Lyman Hilbert, of this place, was severely burned on Tuesday afternoon last, that she died the same evening. The child and elder sister were amusing themselves by raking coals out of the cooking stove, during the temporary absence of the mother, when the dress of the youngest took fire. An undergarment of the child was quilted with cotton a perfect magazine of danger. Flannel, now next or near the skin, besides being comfortable, is always a safe guard against fire.--Sunbury American.

Mrs. Brown went, on Tuesday, to visit her husband at Charleston, but at Baltimore received a despatch from John Brown requesting her to go back. She is said to be about thirty-five years of age, very tall and masculine, and was evidently in great distress of mind.

B. Troxel, a young man in the employ of Green & Clark, tinners and hardware dealers in Muncy, fell from the roof of the new Episcopal Church on Monday last week, while engaged in doing some work there. He was picked up in an insensible condition, and it was feared that he was seriously injured, but we are glad to notice that he has so far recovered as to be able to be about again.

The 21th of November has been kept apart as a day of thanksgiving in Maine and South Carolina. This is the first appointment that has been made for a general thanksgiving in South Carolina for a number of years. The same day has been selected by numerous other States.

The National Democratic Committee is to meet at Washington on the 7th of December, to fix upon the time for holding their National Convention at Charleston.

Several of the principal crossings of the streets of Selma, are now being macadamized, and pavements laid at several points where they have been much needed.

George Doctor, of Muncy Creek township, sent to the editor of the Muncy Ledger a turnip which measures 25 inches in circumference and weighs 7 pounds.

A company has been formed at Allentown, for the erection at that place of a large Rolling Mill, the capital stock being \$120,000, all of which has been subscribed--\$40,000 in Allentown, \$40,000 in Pottsville, and \$40,000 in Philadelphia.

NEVADA, a fresh-shod Territory, which has just been elected for itself a Governor and Legislature, without saying to Congress "by your leave," is mainly composed of the south-western half of Utah, its population being mainly located in or about Carson Valley. Congress may consent to its organization, with some modification of its boundaries. It is likely to increase in population, because of its mines of silver and gold.

James T. Hale, Member of Congress from Bellefonte, lost his baggage on board the Hudson a few days since.

The Chulsky Ferry was struck off to Reeves & Son for \$20,000.

Senator Bigler's stronghold--the wild cat district--is getting entirely civilized. Last year, he lost the member of Congress, and this year he loses the Judge, Senator, and Member of Assembly, voted for by Clearfield county.

The Vineyard heirs vs. Watsons, tried at Sunbury last week, resulted in a reduced verdict of \$1200 for Piffs.

Teachers' Institute.

The Union County Teachers' Institute will meet in MIFFLINBURG, on Monday, the 5th of December, 1859, at 10 o'clock, A. M., to continue in session about five days. All the Teachers of this county are requested to be in attendance, as subjects will be brought before the Institute that may add very much to their success in teaching. The matter is referred to the School Directors, and other friends of education in attendance. H. C. Hickok, State Superintendent, has consented to come and give us the benefit of his five years' experience and observations in the Public Schools of this and other States. Prof. Hendricks has agreed to have in charge the Institute. A. D. HAVEN, late County Superintendent of Mifflin county, has expressed his willingness to give us a helping hand, and may be expected. Other distinguished Educators will be with us at least during the evening sessions.

The female teachers will be entertained in private families. The male teachers and others will find good accommodation at the Hotels at from fifty to seventy-five cents per day. The following Subjects have been assigned to Members of the Institute, each of whom it is hoped will make as full, condensed a Report, as possible:

Instructional Methods--G. W. Chambers. Spelling--G. Boyer. Reading--Wm. Foster. Writing--T. C. Trim. Intellectual Arithmetic--W. E. Smith. Geography--G. W. Seagle. English Grammar--E. J. Ziegler. Phonology--Wm. H. Johnson. School Management--M. C. Thompson. School Management--H. C. Smith. Teachers' Institutes--O. W. Myers. Mental Science--C. E. Hays. Importance of elevating District and County Institutes--T. H. Evers.

How to elevate the profession of Teaching to its proper standing among other professions. Resolved by the Institute. How to treat a School. Wm. M. Thompson. Cooperation of Parents with Teachers--Miss E. Kieck.

Definitions of School Directors--Henry K. Sanders. Physical Education--C. S. Swinford.

D. H. HENDKENDON, Chairman Ex. Com. New Berlin, Nov. 9, 1859.

CAN PHLEPS BE HEARD? We think the following letter from a respectable citizen of Mississippi will answer the question, and all doubts from every unbiased mind:

GAYNSBORO, Miss, June 5, 1855. Great pleasure in relating a case of mumps, or fitted, cured by your invaluable Pills. My brother, J. M. BROWN, had been afflicted with this acute disease. He was first attacked while quite young. He would have one or two spasms at one attack, but as he grew older the spasms would increase in violence. Up to the time he commenced taking your Pills, he had two very often and quite severe attacks. He had been told that he would die, but now, I can say he is cured of this disease. He has also returned to his original occupation. All this I take a great pleasure in communicating to you, as it may be of some service to others who may be afflicted with this disease. Yours respectfully, W. P. LIGON.

No person who is suffering from Piles, or Spasms, should neglect to take Dr. Bancroft's medicine. His prices are as follows: one box \$3; two \$5; twelve \$21--sent by mail free, on the receipt of a remittance. Address: SEAN S. HANCOCK, 108 Baltimore street, Baltimore, Md.

Dr. Wistar's Balsam of Wild Cherry. Where the above preparation is known, it is so well established as an infallible remedy for the cure of Croup, Whooping Cough, Sore Throat, Spasmodic Croup, Spasmodic Asthma, and every form of Bronchitis, that it is a work of supererogation to speak of its merits. Discovered by a well known physician more than twenty years since, it has by the wonderful cure it has effected, constantly appreciating in public favor, and it is now known and cherished by all and their "name is legion" who have been restored to health by its use as the GREAT REMEDY for all diseases which it professes to cure. Sir James Clark, physician to Queen Victoria, has given it as his opinion that

Owing to the numerous calls and many solicitations of the afflicted, Mrs. Fox's ointment is concluded to remain in Lewisburg until Monday the 20th Nov. The success Mrs. F. has already met with in Lewisburg and vicinity, should be a sufficient guarantee to all those suffering from diseases of the Eye and Ear, to consult her at their earliest convenience. Her Office is at the Riviere House.

The Lump of Gold.--J. & S. Stuart & Co. of New York last Saturday morning shipped for Europe, by the Kangaroo, a lump of California gold weighing 1,571 ounces and worth \$12,581 71. It is 11 7/8 inches long, 4 1/2 and 5 inches wide. That is a good one, but we will guarantee to any and every person that they can save a Lump of Gold by purchasing their Boots and Shoes of G. Marsh, right opposite the Bank, as may have assured us after trying at numerous other places. Home made and City work a good assortment always on hand and made to order, a little lower than the lowest and warranted.

Rev. Dr. Hay, of Harrisburg, will preach in the Lutheran church, at 10 o'clock, A. M., next Sunday. (Nov. 11)

THE PRESERVANCE AND ECONOMY WE THRIVE.

I HAVE now opened at my Tannery, (formerly "H. Pries") in Lewisburg, a Boot and Shoe Manufactory, and most respectfully solicit the patronage of the community, hoping by a strict attention to business to merit a share of the trade. I am determined to sell, for Cash

the best Article for the least Money, both for style and durability, as the material is of my own Tannage, except the Morocco, Kid and French, of which I have procured the best in market. My own Tannage, and stock worked in my shop, insured and warranted as recomended, and don't stop at places where the stock has been lying around for half a dozen years.

Those who try me will find this no humbug, but greatly to the interest of those who wish to get the value of their money. I do not desire it important to quote prices, as my stock is so large that I can quote prices, and my prices are so low that I can find it an advantage to bring them to the Yard, as an allowance will be made to them on hides. The Highest Price for Hides, in Cash or Goods, will be given for all kinds of Hides. Leather for sale at all times, on accommodating terms and at low prices. E. J. HULL, Lewisburg, Nov. 7, 1859.
